

INTELLIPOINT

MUNICIPAL SOLUTIONS: THE SELF SERVICE KIOSK

Self service kiosks are available for **IMMEDIATE** deployment. Our package includes software, kiosk hardware, server hardware, and hosting. Intelliport can also provide customized solutions to meet your department's unique needs with service options such as project management, on-site installation, content creation, content management, graphic design, payment processing, web portal development and support.

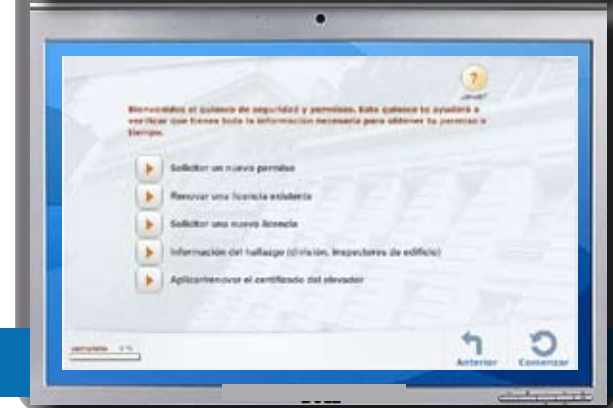

USE OUR GOVERNMENT 2.0 KIOSK SOLUTIONS TO:

- Generate new revenue without fee or tax increases
- Create better service for citizens
- Reduce stress on workforce
- Provide new cost savings
- Streamline permit/code enforcement and tax & fee payment
- Increase accessibility and ADA compliance to better serve all citizens
- Offer coordination and compliance with FEMA
- Build public trust

“The right IT decisions will produce an operational savings of 12 to 30 percent or more. The millions in hard-dollar savings – not to mention soft-dollar cost-avoidance and service enhancements – are coupled with over a billion dollars in increased revenue, all without raising taxes.”

-Center for Digital Government
